

GRASSROOTS SPONSORSHIP

*...Be part of someone's transformation story
in the Newcastle community...*

LIVE *free* PROJECT

NURTURE + STRENGTHEN + CONNECT OUR COMMUNITY

What we're all about...

LIVEfree PROJECT is about providing a unique service to individuals, families and communities. It's not just about a free handout, but rather a connection to supports, programs and opportunities that grow the capacity of people and work with their strengths and skills to achieve stability and growth.

It is our privilege at LIVEfree PROJECT to be a place of support and care for our community of Newcastle; in particular Hamilton South and other local areas affected by domestic violence, poverty and hardship. We love the people who live here and we care deeply about their journey and their future stories.

What you hold in your hands is an opportunity to "grow" a life. There are countless lives that these next few minutes of your time could influence within our local area.

We extend the invitation to you to partner with us as we endeavour to bring transformation to the disadvantaged, the young, those affected by domestic and family violence, those struggling with their mental health, those that are experiencing homelessness, crisis or hardship.

Partnership and sponsorship from individuals and organisations such as yourself, are gifts that allow us to plan ahead and bring support and hope into these desperate situations. Would you consider today how you might be part of our arm of support?

The following packages outline the opportunities for you to embrace as you consider what you are able to do to change the future story of someone in our local community.

Arvind Mathew, an influential business leader of global standing said, "Growth is the best antidote for poverty." Although this was said in a business context, we too believe the opportunity to grow changes *everything* for a community.

Chris Jones,
Project Director

How you can help...

There has NEVER been a time of greater need in our local community. [Contact us](#) today to find out more about how you and your business can directly help families in your own backyard.

Partnership is what brings strength to our local community - "Better Together" has held our nation through some recent tough times, and we believe that it's the only way to bring affective support and care to those who are the most disadvantaged people within Newcastle.

The process of partnership is easy; so simple in fact, but yet so vital for our programs to continue to bring change in our community.

Why not call our director today or contact one of our team via our [webpage](#) and we can set the wheels in motion to be part of re writing the future stories of so many people in Newcastle that desperately need it.

The power of a story or [life changed](#) always has people in the background - the people who have decided to "make room for one more". Those who believe change is possible and that EVERYONE deserves the opportunity to a future with endless possibilities and receive dignity, respect and support as they pursue these pathways.

LIVEfree PROJECT would love to give YOU this opportunity TODAY to do this for people in your own local community - your YES changes EVERYTHING!

Chris Jones

Testimonials

ABC News Story, LIVEfree Project Client Story

"Yeah, there has been a few hard things in that last few years that I've gone through and Chris and a few of the other people from the LIVEfree Project have seen me go through it all... like the good, the bad and the ugly and they've been there supporting me throughout all of it. No judgement, no questions, just support and love. Just knowing that they know all the ins and outs and there's nothing that I can't tell them...there's nothing that I can't go through that I can't share with them. " [\(Click here for full news story\)](#).

Principle of Merewether Public School, Greg Culhane

"LIVEFree Project has engaged both parents and children in social, behavioural and resilience strengthening opportunities - our school is proud to be associated with LIVEfree Project; they change our community on a weekly basis with the community work they do for families...We love and are continually looking for ways that we can increase our participation with LIVEfree services. Genuine hearted organisation whose involvement with us strengthens our community."

Department of Communities & justice Edgeworth branch

"I would like to thank the Livefree Project for the work that has been done with this family. They have achieved great outcomes and it is evident that this has had a significant impact on the parent's ability to provide the children with a safe environment and improved wellbeing."
